**Results of the
Referendum on
the Special
Resolution to
amend the
Bylaws**

The Special Resolution to change the bylaws of the University Clinical Faculty Association (the “Society”) for the purpose of amending the bylaws of the Society to permit the remuneration of directors of the Society for matters such as the attendance at board meetings was held between 27th September 2019 and 25th October 2019. 121 members (31%) of the Section of Clinical Faculty (SCF) voted in the referendum and 117 (96%) voted in favor of the resolution which therefore passed. The new bylaws will be registered with the BC Registrar of companies. *Thank you to all the members who voted in the referendum.*

**DoBC/UBC
Clinical Faculty
Working Group**

The Doctors of BC sent letters of recommendation from the DoBC / UBC Clinical Faculty Working Group to the Dean in June. One on non-monetary issues was sent jointly from the UBC and DoBC representatives, and a second letter recommending increase in payment was sent from the DoBC representatives. We are still awaiting a response from the Dean to these letters.

David Wensley

President, Section of Clinical Faculty, Doctors of BC
